ICWCI Southern Chapter Tour to Hinkley Nuclear Power Station, 16th Sept 2016

Members has the unique opportunity to visit Hinkley Nuclear power station in Somerset. Where clerk of works were greeted by Hinkley tour operators and a very interesting tour and guide was given on this amazing project. Nuclear power

- More than 60% of the project's construction value is predicted to go to UK companies

- The construction and operation of Hinkley Point will create 25,000 employment opportunities and aims to create 1,000 apprenticeship

Hinkley Power Station is known as more than just a power plant that will provide energy to 6 million homes within the Somerset region. It is also providing energy and infrastructure to many people and businesses across the region.

Construction to Hinkley Power Point is likely to operate for 10 years, providing £200 million per year boost for economy to the east west region.

Ere!!!

Defects corner... can you spot the defect?

A great picture sent in from one of our members ... some thought had been put into this!

If you are aware of Clerk of Works who do not attend our meetings please pass this on to them, have we got their email? If not pass it on so we can spread the word!
