Message from the Chairman

Dear All Our Members,

Thank for your passionate support to let me be the Chairman for the Institute for this coming Session.

I would thank for those council members in the past Sessions for their contribution and effort to keep running the Institute.

In this coming Session, on one side we shall continue to run the Institute, on another side we shall try to engage more with other Institutes and the society.

Every one of you may come across good idea to develop the Institute, please raise it to the council for discussion of its feasibility.

As the construction industry is on the high side in Hong Kong, every one of you should be tied up with your work. However, may I request you to spare some time to continuously support the Institute.

Thank again for your passionate support for me.

Kung Tung-shing
The Chairman (2013-2014)
