

AMRIN RESOURCES LTD

Technical inspections of buildings and construction

Amrin Resources provide technical inspections to all types of construction projects. We are committed to pursuing quality and strive to achieve zero defects on works for Clients, Developers and Architectural practices alike.

Operating right across the UK throughout Yorkshire, Lancashire and Cheshire our Site Inspectors/Clerk of Works will be a clients 'eyes and ears on site' as well as maintaining a watchful eye on issues which may have a commercial impact, including programme and project delivery.
